CAREER OBJECTIVE

Aspiring MCA graduate with hands-on experience in Python, SQL, and full-stack web development, along with a strong foundation in data analysis and problem-solving. Skilled in building scalable applications and extracting actionable insights from data. Seeking an entry-level role to leverage technical expertise in software development and data analytics while contributing to efficient, high-quality solutions.

EDUCATION

Integrated Masters in Computer Applications (IMCA)

Saintgits College of Engineering (Autonomous), 2021–2026
CGPA: 7.32

Secondary School Certificate (SSLC)

Baker Memorial Girls Higher Secondary School, 2019–2021
Percentage: 95%

High School

Mary Mount Public School, 2019
Percentage: 75% (CBSE)

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, Bootstrap
 - **Languages:** Python, C, C++, Java
 - **Frameworks & Libraries:** React, Node.js, Django, Flutter
 - **Database:** MySQL
 - **Data Analytics:** Data Visualization, Data Transformation, Data Cleaning
 - **Tools:** WordPress, Git, GitHub, Figma
 - **Practices:** Responsive Web Design, UI/UX Design, Rest API Development
-

INTERNSHIP EXPERIENCE

Mern Stack developer

CCS Technologies Pvt Ltd – Kochi, Kerala (Jan 2026 – Mar 2026)

- Developed and maintained full-stack web application using Typescript, Node.js, Express.js, SQL, and React.

- Designed and implemented REST APIs using Node.js, improving backend performance by 60% and enhancing system efficiency.
- Optimized code quality and documentation using Generative AI tools, improving development productivity and maintainability.

Frontend Development Intern

Nest Digital Academy- Kochi, Kerala (May 2025 – Jun 2025)

- Developed responsive and dynamic front-end application using Angular and Bootstrap.
- Designed and Implemented interactive UI components to enhance user engagement and improve overall user experience (UX).
- Optimized frontend performance, reducing application load time by 20% and improving usability and responsiveness.

Web Development Intern

Nestsoft Technologies – Kochi, Kerala (Jul 2023 – Aug 2023)

- Designed and developed responsive web pages using HTML, CSS, and Bootstrap.
- Ensured websites worked smoothly across different devices and browsers.
- Improved basic UI/UX for better user experience.
- Worked with the team to build client-based web applications.

PROJECTS

Sportslog – Online Sports Event and Turf Management System

- Front-end : **HTML, JavaScript, CSS**
- Back-end: **PHP, MySQL**
- Developed a web-based sports event and turf management system
- Built responsive front-end using HTML, CSS, and JavaScript
- Implemented back-end functionality using PHP and MySQL
- Managed event bookings and user data through database integration

AI- Resume Scanner

- Front-end : **Flutter**
- Back-end: **Python Django**
- Developed an AI-based resume screening application using **Flutter (frontend)** and **Django (backend)**
- Implemented resume parsing to extract key details such as skills, experience, and qualifications
- Designed features to match candidate profiles with job requirements for efficient screening
- Improved hiring workflow by automating resume analysis and reducing manual effort.

SmartWatt

- Front-end: **React.js, HTML, CSS, JavaScript**
- Back-end: **Node.js**

- Developed a smart energy management system to monitor and optimize household power consumption
 - Implemented real-time tracking of energy usage using smart sensors and data processing techniques
 - Designed algorithms to reduce energy waste and improve overall efficiency
 - Enabled cost optimization and sustainable energy usage through automated control features.
-

CERTIFICATIONS

- **UI / UX Design Essentials** | Saintgits College Of Engineering | **OCT (2025)**
 - **Database Management System** | NPTEL Online Certification | **SEP (2025)**
 - **Android App Using Kotlin** | IIT BOMBAY | **JAN (2025)**
 - **JavaScript with HTML5 & CSS3** | Udemy | **JAN (2025)**
 - **Django with SQL & Databases** | IBM Coursera | **FEB (2024)**
 - **Django Workshop** | Saintgits College Of Engineering | **SEP (2023)**
 - **Python On Data Science** | IBM Coursera | **FEB (2023)**
 - **Data Structures & Algorithms** | Udemy | **SEP (2022)**
-

WORKSHOPS

- **Modern DevOps: CI/CD, Automation & Containerization** | Saintgits College of Engineering | **AUG 2025**
 - **Kerala Innovation Week CODEATHON by Koderfin** | Integrated Startup Complex, Kochi | **MAY 2022**
 - **Women Hackathon Programme** | International Centre for Free and Open-Source Software | Saintgits College of Engineering | **DEC 2021**
-

ACTIVITIES

- Class head of Samyukta Inter College Fest.
- Transportation head of Srishti National Technical Exhibition.
- Head of Smart - Active club in college.
- Head of Samyukta and Pratitya Decoration Committee.
- Head of Samyukta Home Events.
